The number of learners that are home-schooled is increasing each year. Such kind of educational mode is more flexible than traditional on-site education in schools. Parents can adjust pedagogical methods based on their children's learning styles, reduce children's frustration, and enhance their confidence level. Home-schooling has quite a few advantages but one should be cautious about adopting it. After all, parents acting as teachers is not an easy task. Parents must have sufficient patience and time, and children must have motivation and the willingness to adapt to such a mode.

在家自學的人數逐年增加，這種教育方式比傳統到學校學習的方式有彈性，父母可依孩子的學習方式調整教學方法、減少孩子的學習挫折、增強他們的自信心。雖然在家自學有不少優點，但應謹慎為之。畢竟，父母當老師不是件容易的事，父母須要有足夠的耐心與時間，孩子也須有學習動力及意願配合。

This might be a park because you can tell that there is grass and a lot of trees in the background of the picture. And the girl in the picture on the left is sketching. You can see from the picture that she's painting some grass and green trees. And the advantage of doing such activity in the outside is that the weather might be unpredictable and you can maybe there is rain or something or bugs around. advantage is that you can get to learn more about the nature and it seems like it's kind of cold but I think it's maybe autumn because some people are wearing long sleeves but some are wearing short sleeves.

參考答案

音檔逐字稿

This place looks like a park in a city because, as we can see, there are trees and a lot of grass. I can also see some stone seats in the background. The woman sitting on the right is painting. She is concentrating on copying the scene in front of her. She may be finishing her work right now because she has already painted a lot. Painting is fun because people feel relaxed when they are creating art. Painting outdoors can be very interesting because you can enjoy the fresh air and beautiful scenery and release your creative energy all at the same time. The people in this picture are wearing casual clothes. They may be members of an art club. I think they're enjoying looking at each other's pictures.
